

ROBERT L. LADUCA, JR., PH. D.

**Professor of Chemistry
Department of Chemistry
919 East Shaw Lane
Michigan State University
East Lansing, MI 48825**
phone: 517-432-2268
email: laduca@msu.edu

EDUCATION:

Postdoctoral Fellow, 1995
Syracuse University; Syracuse, New York
Postdoctoral advisor: Dr. Jon A. Zubieta

Ph. D. 1995, M.S. 1991
Cornell University; Ithaca, New York
Thesis title: Mu-imide Heterometallic Complexes and Solid State Nitrides From Homoleptic Metal Amides.
Thesis advisor: Dr. Peter T. Wolczanski

B.S. 1989, cum laude
Yale University; New Haven, Connecticut

HONORS AND AWARDS:

2016 Guest Editor for Undergraduate Research Special Issue, *Polyhedron*

2014 Michigan State University College of Natural Sciences Undergraduate Teaching Award

2012 American Chemical Society Division of Inorganic Chemistry Undergraduate Research Preceptor Award. One prize awarded nationally per year.

2011 State of Michigan Distinguished Professor of the Year, awarded by President's Council of the State Universities of Michigan.

2010 Mid-Michigan Alumni Club of MSU Quality in Undergraduate Teaching Award. "In recognition of outstanding undergraduate teaching"; top teaching prize at Michigan State University

TEACHING:

Michigan State University, Lyman Briggs College and Department of Chemistry

Professor of Chemistry, 2010-present

Associate Professor of Chemistry, 2004-2010

--Scientific Communication (LB 492)

--developed science communication focused senior-level course

--field trips to museums, science centers, planetarium, aquariums, zoos

--General Chemistry (LB 171/172, CEM 141/142)

ROBERT L. LADUCA, JR., PH. D.

- significant curricular revision, insertion of organic chemistry unit
- use of frequent chemical demonstrations for illustration of concepts
- heavy use of concept mapping and cooperative learning techniques
- heavy use of in-class CPS and iClicker2 “clicker” technology
- inclusion of individualized online Mastering Chemistry homework
- redesign of recitation sections into problem-solving workshop format
- supervised graduate teaching assistants and undergraduate learning assistants
- consistent superior student and peer evaluations for teaching effectiveness

--Chemical Research with Undergraduate Students

- mentored **60 undergraduate research students** in program towards synthesis of inorganic/organic hybrid solid materials via hydrothermal methods, involving significant organic synthesis projects for ligands (**43 at MSU**)
- four former students now enrolled in graduate programs in Chemistry, seven more have completed Ph.D. degrees in Chemistry
- mentored Eric Shyu (2008) and Peter Kraft (2012), High School students who earned Intel Science Talent Search Finalist status
- mentored Amy Pochodylo (2009-2012), an MSU student who earned a Goldwater Scholarship

Associate Professor of Chemistry, King's College, 2002-2004

Assistant Professor of Chemistry, King's College, 1996-2002

- consistent superior student and peer evaluations for teaching effectiveness

--General Chemistry

- use of frequent chemical demonstrations for illustration of concepts
- heavy use of concept mapping and cooperative learning techniques

--Advanced Inorganic Chemistry

- modernized Inorganic Chemistry lecture and laboratory curricula
- included new sections on group theory, organometallic, bioinorganic, and solid state chemistry.

--Organic Chemistry Laboratory

- led sections of introductory organic laboratory, covering synthetic, analytical, and spectral techniques.

--Chemistry of Materials

- developed sections on structure, solid state synthesis, and X-ray diffraction as part of a team taught course

--Astronomy

- developed challenging but accessible course for non-science majors
- incorporated sky simulation software package RedShift 3
- held field observations with reflecting telescope

--Chemical Information Sciences

- responsible for redesign of 1-credit chemical literature course, with a new focus on retrieval of information via Chemical Abstract Online and computer design of chemical graphics

ROBERT L. LADUCA, JR., PH. D.

ADMINISTRATION:

Michigan State University, Lyman Briggs College

Associate Dean for Administration and Academic Governance, 2013–2018

Honors College Faculty Fellow 2014–present

Faculty Senate Steering Committee, 2017–2018, Chair 2018

- supervised laboratory instructional staff and teaching laboratory facilities
- oversaw and participated in job searches for staff and faculty positions
- intensive junior faculty mentoring
- oversaw student evaluation process & accreditation compliance process
- wrote numerous letters of support for faculty promotion and staff awards
- involved in budgetary and advisory aspects of college administration
- LBC representative on inter-college pedagogical grant proposals
- represented Lyman Briggs College at University governance meetings
- Science College representative to Cultural Engagement Council

PEER-REVIEWED PUBLICATIONS:

(undergraduate co-authors in *italics*)

254 total peer-reviewed articles

207 papers, 47 structure reports

(including 11 featured journal cover articles, 7 invited papers)

Papers

207. *Jack J. Przybyla, R. L. LaDuca, “Nitrobenzene-detection cadmium thiophenedicarboxylate coordination polymers with flexible dipyridylamide ligands and diverse topologies”*, *Inorganica Chimica Acta*, **2019**, 486, 314–323.

GRANTS AWARDED:

National Science Foundation Research Experiences for Undergraduates (REU) site at Michigan State University: Cross-disciplinary Training in Sustainable Chemistry and Chemical Processes, \$270,000, August 2014–July 2017; \$270,000, August 2019–July 2022.

American Chemical Society Petroleum Research Fund, Type SUMR (Supplemental Under-represented Minority Research Fellowship), \$5,000, for summer 2009.

ROBERT L. LADUCA, JR., PH. D.

American Chemical Society Petroleum Research Fund, Type B Grant, \$64,200, for the period 2008-2011.

Michigan State University College of Natural Sciences Quality Fund Research Opportunity Award, co-PI and author of proposal to institute summer research program for four Lyman Briggs School undergraduates, \$10,000, for summer 2007.

King's College Faculty Development Grants, \$4,000 for summer 2002, \$3,600 for summer 1997

American Chemical Society Petroleum Research Fund, Type B Grant, \$30,000, for the period 2000-2002.

Research Corporation, Cottrell College Science Award, \$32,656, for period 1997-1999.

PRESENTATIONS:

National Meeting, American Chemical Society, “Structure and properties of coordination polymers containing hydrogen-bonding capable and conformationally flexible dipyridyl ligands: An introductory undergraduate research program at Lyman Briggs College at Michigan State University”, Philadelphia PA, August 2016

Special Symposium: Small Splash, Big Waves: Research at Principally Undergraduate Institutions. **Session chair.**

National Meeting, American Chemical Society, “Synthesis and properties of coordination polymers with threaded, interpenetrated, and self-penetrated topologies based on short chain dicarboxylate and hydrogen-bonding capable dipyridyl ligands”, San Francisco, California, August 2014, **Coordination Chemistry session chair**

Central Regional Meeting, American Chemical Society, “Divalent metal coordination polymers containing long-spanning dipyridylpiperazine ligands: threaded loops, self-penetrated nets, and other novel topologies”, Central Michigan University, Mt. Pleasant, Michigan, May 2013.

42nd Congress of International Union of Pure and Applied Chemistry, Materials Symposium, “Dicarboxylate coordination polymers incorporating kinked or flexible diimines: nanobarrels, highly-connected topologies, and self-penetrated networks”, oral and poster presentation, Glasgow, Scotland, August 2009.

Elmhurst College, Department of Chemistry, Elmhurst, IL, “Dicarboxylate coordination polymers incorporating kinked or flexible diimines: nanobarrels, highly-connected topologies, and self-penetrated networks”, April 2009.

INVITED LECTURE

Michigan State University, Department of Chemistry, Inorganic Chemistry Colloquium,

ROBERT L. LADUCA, JR., PH. D.

“Dicarboxylate coordination polymers incorporating kinked or flexible diimines: nanobarrels, highly-connected topologies, and self-penetrated networks”, April 2009.

Michigan State University, Faculty Address, Lyman Briggs College Graduation Brunch, May 2008.

Lyman Briggs College, Michigan State University, April 2007, “Coordination Polymers”, research seminar during inaugural LBC Symposium Day.

King's College, Chemistry Department, Wilkes-Barre, PA, November 2004, “The Effect of Organic Ligand Substructure on the Structure of Hydrothermally Prepared Inorganic/Organic Hybrid Materials.”

Michigan State University, Chemistry Department and Lyman Briggs School of Science, East Lansing, MI, March 2004, “The Effect of Organic Ligand Substructure on the Structure of Hydrothermally Prepared Inorganic/Organic Hybrid Materials.”

Hope College, Chemistry Department Seminar, Holland, MI, March 2003, “The Effect of Organic Ligand Substructure on the Structure of Hydrothermally Prepared Inorganic/Organic Hybrid Materials.”

Project Kaleidoscope, Tucson, AZ, December 2000, with Dr William Shergalis and Dr. Joan Coffin (team presentation). “The Undergraduate Research Experience: Searching for New Knowledge”.

American Chemical Society National Meeting, Washington, DC, August 2000, “Hydrothermal Synthesis and Structure of Metal Oxides and Coordination Polymers Incorporating Asymmetric Bipyridines.” (oral presentation)

American Chemical Society Local Section Meeting, Susquehanna Valley Section, February 2000, “Hydrothermal Synthesis and Structural Characterization of Inorganic/Organic Hybrid Materials.” (oral presentation)

American Chemical Society National Meeting, Anaheim, CA, March 1999, “The Hydrothermal Synthesis, Structure, and Properties of Bimetallic Oxides Incorporating Difunctional Pyridyl Ligands.” (poster presentation)

OFFICES HELD:

-- **Chemistry Day Co-Coordinator**, MSU Local Section of American Chemical Society, 2005-2008
--assisted in organizing and publicizing the annual Chemistry Day at Impression 5 Museum, in celebration of National Chemistry Week

--**Chairman**, Susquehanna Valley Local Section of the American Chemical Society, 2001

ROBERT L. LADUCA, JR., PH. D.

--**Faculty Advisor**, King's College Chemical Society, 1996-2004
--oversaw student service projects, arranged field trips

COLLEGE, COMMUNITY AND PROFESSIONAL SERVICE:

-- Peer Reviewer

--*Journal of the American Chemical Society, Chemical Communications, Inorganic Chemistry, Dalton Transactions, European Journal of Inorganic Chemistry, Crystal Growth & Design, CrystEngComm, New Journal of Chemistry, Inorganica Chimica Acta, Polyhedron, Journal of Solid State Chemistry, Journal of Coordination Chemistry, Journal of Inorganic and Organometallic Polymers*

--*American Chemical Society Petroleum Research Fund, National Science Foundation*

-- **International Advisory Board**, *Zeitschrift fur Anorganische und Allgemeine Chemie*, 2015–2018.

-- **Educational Policies Committee**, Lyman Briggs College, 2014–2015, 2017–2019

-- **Steering Committee, At-Large Member**, Lyman Briggs College, 2014–2015, 2017–2019

--**University Committee on Undergraduate Education**, MSU, 2014

--**Military Education Advisory Committee**, MSU, 2014

--**LBC Chemistry/Civil Engineering Tenure-Stream Faculty Search Committee**, 2013-2014, Chair

--**LBC Chemistry Fixed Term Faculty Search Committee**, 2014, Chair

--**Briggs Advisory Council**, 2010-2013; Chair, 2012–13

--**MSU All-University Traffic and Transportation Committee**, 2009-2011
Chairman, 2010-2011.

--**LBC Reappointment/Tenure/Promotion Rubrics and Directions Ad-hoc Committee**, 2010, Chair

--**Michigan State University “Grandparents’ University”**- “The Joy of Chemistry”- Chemical demonstration exhibitions for grandparents and children, 2006–2014.

--**LBC Chemistry Laboratory Academic Specialist Search Committee**, 2009-2010, Chair

ROBERT L. LADUCA, JR., PH. D.

- **MSU College of Natural Sciences Curriculum Committee**, 2005-2008
- **LBC SALG Committee**, 2008-2009
 - tasked with developing new Student Evaluation of Learning Gains evaluation instrument
- **Chemistry Day Co-Coordinator**, MSU Local Section of American Chemical Society, 2005-2008
 - assisted in organizing and publicizing the annual Chemistry Day at Impression 5 Museum, in celebration of National Chemistry Week
- **LBS/STEPPS Faculty Search Committee**, 2004-2005
 - affirmative Action compliance representative
- **LBS Environmental History Faculty Search Committee**, 2007
 - affirmative Action compliance representative
- **LBS Fixed-Term Chemistry Faculty Search Committee**, 2006, Chair
- **Chairman**, Susquehanna Valley Local Section of the American Chemical Society, 2001
- **Faculty Advisor**, King's College Chemical Society, 1996-2004
 - oversaw student service projects, arranged field trips
- **King's College Information Literacy Committee**, 2002-2004
 - science division representative on college committee meant to enhance and assess information literacy efforts across the curriculum
- **King's College Middle States Self-Study Team on Admissions**, 2003
 - compiled and presented information on science student retention and success rates for major accreditation renewal report
- **Annual Halloween Show**, 1996-2004
 - performed "Things That Go Boom in the Night!" chemical demonstration exhibition for >300 people from college and surrounding community, geared towards school-age children, 7 years at King's College, 1 year at MSU
- **School Outreach**, 1996-present
 - have presented numerous chemical demonstration exhibitions or astronomical talks involving sky simulator software at local elementary schools.
 - 2-3 in-school outreach programs in each semester in Lansing/East Lansing area (2004-2010)

ROBERT L. LADUCA, JR., PH. D.

--Public Astronomy Events, 1996-2004

--have hosted public “viewing parties” on campus during significant astronomical events (solar and lunar eclipses, Comet Hale-Bopp, planetary alignments)

--King’s College Experiencing the Arts Program, 1998-2001

--responsible for booking musical groups who mix contemporary rock styles with classical music, as part of the college’s cultural program.

--King’s College Chemistry Department Building Renovation Committee, 1996

--North East Art Rock Festival 1998-2012

--co-founder and business coordinator of an annual three-day music festival highlighting international and domestic classically-influenced or jazz-influenced rock groups, held at Lehigh University in Bethlehem, PA. Annual budget ~\$250,000 for 501(c)3 not for profit corporation. Festival website: www.nearfest.com.
