

## LBC UNDERGRADUATE RESEARCH TRAVEL SUPPORT

The Lyman Briggs Undergraduate Research travel support funds are available for LBC undergraduate students who have been selected to present research/creative activity at a professional conference or workshop. Funds to support travel are available to undergraduate students who have performed research/creative activity in close collaboration with a research mentor or conducted self-directed research and were supervised by a research mentor.

### APPLICATION INFORMATION

- Applicants must be presenting research or engaging in a creative activity session (e.g. research poster, music master class, oral presentation, etc.).
- Available funds are meant to defray costs and are not intended to subsidize the entire trip.
- Applicants must be currently enrolled undergraduate students in good standing in LBC and the travel is expected to occur prior to graduation.
- Funding from the LBC research fund may be contingent upon funding from another source (i.e. [Honors College](#) or research mentor). Note that you need not be an Honors College student to get support from them.
- The submission and approval of a [Travel Request](#) by the university is also required. **The request must be completed prior to the student's departure.** Student employees can watch the video tutorial using [this link](#).
- LBC travel support requests must be submitted prior to departure and include a completed application and confirmation by the student's mentor of anticipated presentation or an acceptance letter/email from the conference organizer.
- Applications will be reviewed on a rolling basis until funds are exhausted. Applicants are encouraged to submit this form and supporting documentation as early as possible.
- All recipients of travel support funds are required to submit a photo that was taken at the conference/workshop to document participation.

### APPLICATION SUBMISSION DETAILS

Submit completed application with supporting PDFs of emails from research mentor and funding sources. Send an email to either:
